Mr. Tom Cross was killed by a falling tree in Franklin county, last Saturday morning. The sad news reached here the evening of the same day. Mr. Cross was a good citizen, and enjoyed the confidence of all who knew him. He moved his saw-mill from near here some two years ago. On the morning of the fatal accident, he was in a wagon driving through the timber near where his men were felling a large tree for a saw log. He stopped at what he thought was a safe distance, but the tree in falling,struck another dead tree, which came crashing down on the deceased, from the effects of which he died in half an hour.
